

# LOVE COUCH

BRINGING PEOPLE CLOSER TOGETHER

## CONCEPT

The love couch was created to bring friends, lovers or strangers closer together

## WHO ARE WE?

A group of students from IT-Productdevelopment at Århus University

## INSPIRATION

We were inspired by the scouts and how they build structures and camps in a sustainable fashion without leaving any trace in nature

## MATERIALS

The couch is built using reusable, discarded and biodegradable materials

Pine wood rafters - Borrowed from the scouts at 2. Højbjerg group  
2nd Sorting Curtain - Donated by Kvadrat  
Sisal Yarn- Biodegradable yarn made from plant fibers
