

# Flexible Rotating Glass Cockpit

## Driver Information Solution

### Features:

- Adaptable context-based dashboard using Visteon's patented display hinge mechanism allows 5° back and 15° forward bend
- Optical and structural bonding done by Visteon
- "Bond then bend" process
- Cold forming lens process
- Structural bonding
- Leverage POLED for display flexibility

### Benefits:

- Bendable multi-display single-glass application enables cockpit flexibility and customization across car lines
- Visteon developed hinge solution enables tailored user experience in multiple driving scenarios such as race and passenger cars
- Multi-axis cold forming offers unparalleled styling and differentiation
- Slim design
