

Calling All Nurse Collaborators!

INTERDEPARTMENTAL NURSING COLLABORATION EXPERIENCES

Why: Improve the way nursing departments work together at Cook Children's

Reciprocal Shadow Experience

DETAILS

Each participant will shadow a nurse in another unit and also host a nurse who will shadow them. During your experience, you will strengthen understanding of clinical priorities, patient flow, and team dynamics across units.

- The shadowing experience will be at least 4 hours.
- Participants may select their top three preferred shadowing areas.

DATES

April 5 - May 16, flexible timeslots of at least 4 hours

DESIRED OUTCOMES

1. Build trust among departments
2. Improve interdepartmental communication
3. Gain insight into another department's daily workflow and unique nursing roles

DATA

Participants will complete three post-experience surveys:

1. Immediately following the experience
2. Two weeks later
3. Four weeks later

Round Table Collaboration

DETAILS

This collaboration brings together small groups of five to six nurses from different departments. A trained facilitator will guide discussion on a simulated patient activity with interdepartmental workflows. The facilitator will create a respectful and open environment to share insights, explore challenges, and generate solutions creatively.

DATE

May 7, 9:00-11:00 AM
